Lav Kush

FrontEnd Web Developer

About Me

Hi, I'm Lav Kush, an engineering student at IET(DSMNRU) pursuing B.Tech in CSE(AIFM). Originally from Rath, Hamirpur, I completed both my 10th and 12th standards in my hometown.

I'm passionate about web development, software development, Business development and continuously expanding my skill set. Currently proficient in HTML, CSS, JavaScript, Python and C language. I'm enhancing my expertise in Java while working on various projects to sharpen my abilities.
